

Linfield Fire Company Limerick Fire Company PRESS RELEASE

FOR IMMEDIATE RELEASE
August 30, 2018

LIMERICK FIRE DEPARTMENT RECEIVES GRANT AWARD FOR S.C.B.A.

The Limerick Fire Company and Linfield Fire Company are pleased to announce receipt of a grant from the Federal Emergency Management Agency (FEMA) Assistance to Firefighters Grant (AFG) program to the Limerick Fire Department in the amount of \$242,096. This grant will go toward the replacement of 41 Self Contained Breathing Apparatus (SCBA) that are 10 years old and have already been upgraded twice as well as spare air cylinders for each air pack.

Limerick Fire Company President Tom Walters said, “This SCBA grant is an item that can come off the Township's Fire Capital Budget and spare a large expense that is normally paid by the Relief Association”.

The department continually searches out grant opportunities to equip firefighters with state of the art equipment to serve the residents of Limerick Township.

Additional information on the FEMA Assistance to Firefighter Grant program is available at
